## MANAGER'S KORNER

April 2020

Tony Toscano

I am writing this at 6:30 in the AM so, good Morning to all. I hope you and family are all safe and doing the best to deal with this most recent distraction from our - what we call "normal" - life due to the COVID-19 scare

As always, I hear the complaints – "can't do this" or "how come that" or "why me" - which are the easiest to state since a complaint takes no thought, it's the solution that takes thought, which is why complaints are more often heard. If you think before you speak you may hear what it sounds like and not speak at all.

I look at this as a cautious time, a reflective time, a catch up time, a time to get things together and clear up the "stuff" that I have on my "honey do" list. Well, at least the in-the-home list. And I am having fun doing it.

I had a fun time going thru and trying on my clothes and cleaned out all the stuff that just don't fit and will never fit despite my ambition to lose the 20 lbs I put on since college. Man! I loved those ragged, torn, patched, blue jeans but they hadda go. I could tell you a story about every rip and patch. That blue suit, Oh !! loved it, used to fit like a glove. I was Tony Montana in Scarface in it, but now I look like a pop-top muffin in it. Like the fat man in a tiny suit skit by Chris Farley. Tried on my old Biker leather jacket that fits my 106 lb wife better then it fits me. So now it's in her collection.

Reading, I am learning to read again. Even though I read and write at this job for a living, it's a different thought process when doing it to relax. Currently I am reading the history of the "blues."

Music, wow!! To be able to listen to music, not just as background noise. Not feeling that I must run out to the store and buy something to fix something. Not that I can't, but to be cautious, I don't. What a fantastic sound from John Lee Hooker feelin' the blues in "I'm just a Drifter" or

that rockin sound of Howlin' Wolf singing "Smokestack Lightnin'."

My wife and I are catching up on old movies, watching the sequence of Mutiny on the Bounty from the 1935 version to the latest one. Of course, the 1935 version is still the best. Some of those old movies are so captivating, it really is great watching them again, and some for the first time.

I am not thrilled about how my spare time has come to me but happy that me and my family have taken advantage of it so far and have kept ourselves busy yet safe while being considerate to others.

Since we still have our 15-yr old grandkid in town, we are showing him and educating him on the past and present times. Showing him that you can still have a fun time and you don't have to be on social media while playing a video game while watching TV while eating a snack while talking on the phone thru the headset on your latest X-Box to enjoy yourself. He loved the tight clothes fashion show.

I hope each and every one has found the good in life when being dealt a bad hand. There are ways you can get thru as well as helping your neighbor, sometimes helping by doing nothing.

**Projects-** We are still having the grass mowed and will continue with servicing the sprinkler systems until such a time when it is not responsible due to safety. All other Stonehedge projects are on hold while we await further notice

**Events-** The Haz-Mat collection event that was scheduled for March 31 at the clubhouse **HAS BEEN CANCELLED**

The Spring Clean-Up event scheduled by the City for Sunday April 5 - **WILL STILL TAKE PLACE**

See attached flyers for both events

**North Gate-** The North gate entrance/exit will be closed between Dusk and Dawn with the temporary gates purchased. Volunteer residents

will handle that chore. Thank you. Repairs to the damage is in progress and we have not heard of any delays to date. We anticipate within the next few weeks the gates will be back to normal operation.

**Mears Blvd Road project-** The Mears project which was to include the moving of the road just outside our gate has met with a financial issue that has delayed the moving of Mango Street outside our association. The initial plan was to move the road 6 ½ to 7 ½ feet to our North which would have given us a bit of a turning lane before entering Stonehedge . The city ran out of money to finish that plan this year and we have been told that next year it is in the budget. I know we heard that before. Best we can do is file a formal complaint with the City letting them know of the safety hazard they are creating by not completing the project as planned. That formal complaint will come from the parks attorney in the form of a certified letter.

**SPECIAL MEMBERS MEETING scheduled for 4/8/20 -VOTE WILL take place- the meeting of the people is CANCELLED**

**Explained - PLEASE** get your vote into the office - mailed - e-mailed- in the office mailbox etc. There will be someone on staff to sign in those on APRIL 8 who want to vote in person BUT we are encouraging everyone to VOTE PRIOR to APRIL 8 since there will a **VOTE TALLY ONLY** and no discussion due to precautionary measures authorized by the Board

**Homes for Sale - just can't keep them around**

**Unit 84-** listed by owner - \$70K (contract pending)

**Unit 90** - lot ready for a new home

**Unit 188-** \$92.5K listed by owner

Laugh when you can, Apologize when you should  
Do not dwell on what you cannot change, Let go of what you cannot control  
Take charge of what you can  
Make forever moments whenever, Safe travels  
love life.

**TONY**

## **ST. PATRICK'S THANK YOU TO EVERYONE**

Well oh well, what a turn of events.

Bought the food to cook, then the virus took ahold of the United States. The band cancelled. No gatherings allowed. Have food to cook. Now what do we do?

"Stonehedge Carry-Out / Delivery Services"

Thank you to Stan Hall who helped us cook everyday, (kind of boring watching water boil for three days).

Thank you to Fran Daly and Peggy McBee who helped trim up 134 pounds of meat and make the pretzel shamrocks. Peggy also for making the soda breads.

Thanks to Jim Bruno for helping in the cabbage cooking.

Thank you to everyone who helped serve up the dinner, fast and hot!

Meat-Cheryl Bruno & Stephanie Welker

Carrots-Jolane & Art Price

Potatoes-Fran Daly

Cabbage-Kay Ellingson & Roberta Kindig

Dessert-Judy Kovalchick

Thank you to Cheryl & Jim Kolby for taking tickets and keeping names straight.

Thanks to George Daly & Terry Ellingson for handing out the food and keeping the Drive-Thru moving. You two also made great Stonehedge delivery men. Some residents really appreciated it; thanks.

There were 140 meals made, picked up or delivered.

After all meals were taken, 12 prizes were drawn from the tickets collected. Thanks again to Terry Ellingson for delivering them to all the surprised winners.

To everyone who purchased tickets; thank you for understanding and cooperating in the meal serving method.

Hoping you all enjoyed your meals.

## Drought Conditions

### **Special Alert**

Important information on keeping your lawn healthy.

At TruGreen, our goal is to provide you with quality service and a healthier, greener, more weed-free lawn. As part of our commitment to you, we want to provide you with timely information about potential environmental conditions that could impact your lawn and landscape.

Proper watering is an important part of caring for your lawn. And, so far this year, we've experienced a rain shortfall which puts greater emphasis on your watering efforts. To provide you with proper watering guidelines and how to manage your lawn through the drought, we've compiled a list of [frequently asked questions \(FAQs\)](#).

If you still have questions or concerns, or want to find out about other ways to help your lawn survive during the summer months, please call us at 772-562-5167.

Sincerely,  
Steve Marini

## DEALING WITH DROUGHT FAQs

### Watering

**Q:** When should I water?

**A:** Deep soaking is important because it encourages development of deep root system. Light rains or short downpours are not adequate for this purpose. The best thing to do is watch for telltale signs of wilting, irregular patches, or visible foot prints in the grass after walking across the lawn.

**Q:** How much should I water?

**A:** For maximum water use, you want to apply at least one-half inch of water at a time. You can measure 1/2" by placing an empty tuna can under the spray of water from your sprinkler.

**Q:** What is the best time of day to water?

**A:** Ideally, very early morning is the best time to water (3 am to 6 am). You minimize water lose AND potential fungal growth. However, if the turf is under severe drought stress and local water regulations allow you to water, it may be necessary to water at a less than ideal time to save your turf.

**Q:** What if I live in a community that controls my watering?

**A:** Work with the association to make sure the water is being used to its fullest. But please beware that once the lakes go below a certain level irrigation may not be done and understand that the turf will turn brown and plants will wilt. Do your best on helping the community by watering your plants yourself using your water from your home to keep them alive. (about ½ gallon per plant twice a week around the base)

**Q:** Can I water too much?

**A:** Yes, too much water can be as damaging as too little water. Excessive water will encourage weeds such as dollar weed, and often causes a lawn to lose color quickly.

**Q:** I'm watering as much as my city or county (or watering budget) allows, and my lawn is still brown. Why?

**A:** In some areas customers are only allowed to water once a week and this can make it difficult to keep certain grass types green. Irrigation is meant to supplement natural rainfall, and in the absence of or normal showers, even the best irrigation system cannot keep up with the summer water demands of your grass.

**Q:** Should I just stop watering until the rains come?

**A:** NO! While the grass blades may turn off color or even brown, it is important that the roots and runner of the turf is kept alive. Once the rains start, the new growth will come from this part of the plant.

### Mowing and Irrigation Systems

**Q:** How does mowing affect the lawn during a drought?

**A:** Proper watering and mowing go hand in hand. For most grasses, the higher you mow, the deeper the root system, and the better able the grass can use the water. To get the most out of your restricted watering schedule, mow your St. Augustinegrass and Bahia grass at 3.5 to 4". The higher you mow your lawn the better during this drought.

**Q:** Is there anything more that I can do to help my lawn?

**A:** Make sure your irrigation system is working at its best. A periodic inspection should uncover any irrigation parts that need to be replaced. An irrigation system is like any other type of plumbing; parts wear out and need adjustment over time. TruGreen can provide you with a separate handout that focuses on keeping your sprinkler system efficient. Also you can water your plants that are showing signs of wilt by using your water from your home. This is a team effort during this trying time.

## ACTIVITY COMMITTEE NEWS

**Marlene Hall, Secretary**

### APRIL

April brings pretty spring flowers, showers and smiles. Enjoy those simple pleasures.

The SRA committee sincerely hopes everyone stays free of the corona virus and please follow the advice of experts.

Since we will not have our agenda meeting for April, we would like to share with you all the results of the 2020 Spring Fair: After all the expenses deducted, the 2020 Spring Fair made \$3,346.48.

Many are traveling now to their home states, we hope everyone has a safe trip home. The SRA committee thanks everyone for a fun season and we are looking forward to seeing your smiles again next fall.

**Marlene Hall, #47**

### THANKS FOR THE BASKETS

The Spring Fair 2020 baskets were loaded with all kinds of creative talent, gifts, money cards, baskets of various items, liquor, handyman-opportunities and much, much more thanks to your generous donations. It was fun and exciting everyday to see your next donation. We also want to thank our special helpers for making the baskets project a fun time during Spring Fair. Those helpers included Jim OKeefe, Jim Woods, Liz Barth, and Ken Collier. The 2020 basket team of Cheryl & Jim Bruno and Marlene & Stan Hall want to sincerely thank every person in Stonehedge for their generous donations and caring spirits.

**Marlene Hall, #47**

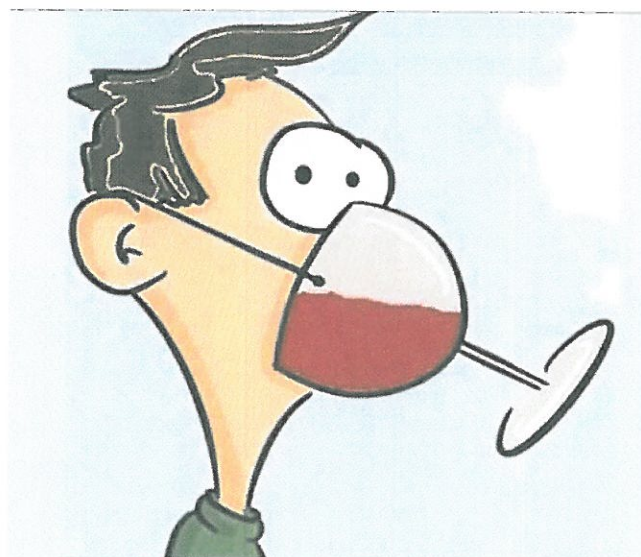

## TO SUPPORTERS OF THE PETS RULE CHANGE

Stonehedge supporters,  
Thank you for being supportive and compassionate enough to sign the Pet petition which (we hope) will result in a rule change that will assist in keeping women and men safer in our community. While women and men can walk in the park for exercise, many need to walk their pets for exercise as well. Walking with glass/trash on the sidewalks or worrying about being followed and possibly harmed is unsafe. An exercised pet is a happy pet, a tired pet .....and a quiet pet.

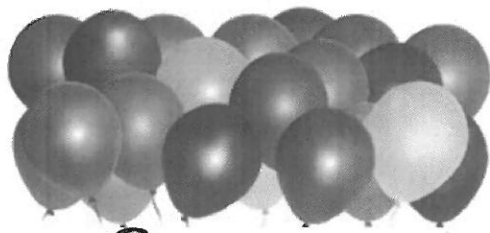

Thank you from the Pet Committee to those who support the safety of ALL residents who reside in Stonehedge.
