## MANAGER'S KORNER

January 2020 !!!

TONY TOSCANO

**HAPPY NEW YEAR!!!** That's what we all look for, wish for, and pray for. After all these years we all know that we have many more good days throughout the year then bad, although sometimes it does not feel that way. And, as always, it depends on your outlook on the life in front of you. You have the power to control that, more than that you have the capability to change it. You don't have to change your entire life, just the simplest thing can make a difference. Pick out 1 thing that would make you happy this year and make it a Happy New Year. I know it's easier said than done but doing this year after year you will realize you have had and will look forward to many Happy New Years.

I want to take the time to Thank everyone who has worked to keep Stonehedge a great place to live and work. This place would not be what it is if not for those who volunteer their time even in the smallest capacity. Many go above and beyond which makes my job easier and gives me the time to work on preventative maintenance programs and little tweaks in the current programs in place. Arthur is working out well and has done a very good job for us this year. We are still getting to know his potential. Again - I Thank you for all your input.

**There** are a few projects scheduled for this 2020 year at Stonehedge as well as a few preventative maintenance purchases. Most notably, a pressure washer, new back gate closers and a leak detector. I will keep you informed on the progress of all these purchases. Seems no matter how you prepare for the new year there always seems to be something more that can be done. We are in the process of doing that.

**This** new year we will also be doing door to door inspections and letting the residents know what

needs to be done before you are done for the season. We do not want to go thru another year of lingering issues that need attention. Please start to look at any driveway or home pressure washing, facia painting, flowerpots with no flowers, loose piles of block stored around the home. Remember 4 sides of the home need to be neat and clean.

**Last** month I brought up the fact that everyone is an owner collectively in all the property here at Stonehedge and that no one is an individual owner. Well, going thru the titles of your home and the share that each one owns we have found numerous discrepancies in ownership. The ownership of your home and the Share **MUST** be in the same name. There seem to be a few instances where title changes occurred without the Corporation knowing. This is unsatisfactory and will cause delays in closing and transfers, when it comes time to sell. On top of that, it will cost you money and Stonehedge time (which is your money anyway). If you have made changes to the titles or your home without notifying this office, then you have put a burden on yourself or those who will handle your estate.

### Homes for Sale - just can't keep them around

Laugh when you can, Apologize when you should  
Do not dwell on what you cannot change, Let go of what you cannot control

Take charge of what you can

Make forever moments whenever,

Safe travels, love life.

Hope you had a Happy Thanksgiving, Merry Christmas and looking forward to a Happy New Year

## January 2020 Landscape Article

Hello Everyone,

It is the time of the year again – you might have guessed it, I am not only referring to the Holidays. I am writing to remind you to skip a week of irrigation during the cooler months of December, January and February.

According to the University of Florida, grass doesn't need to be watered as often during the cooler months. In fact, this time of the year, St. Augustinegrass only needs one-half to three quarters of an inch of irrigation-water every 10-14 days.

Overwatering does not only waste water it also can encourage pests and diseases in the landscape. Skipping a week of watering is as easy as 'off' for community associations and residents with irrigation timers. Turn the timer to 'off' for the week that you want to skip, and 'on' for the week that you want to water,"

You can determine when your grass needs water when

- Grass blades are folded in half lengthwise.
- Grass appears blue-gray in color.
- Footprints remain on the lawn for several minutes after walking on it.

Watering only every other week or less during the winter will not only improve landscape health, it will also help to conserve drinking water and protect our resources. Therefore start "skipping" today and spread the word among your friends, neighbors and clients.

For additional information please refer to the University of Florida/IFAS fact sheets Let your lawn tell you when to water <http://edis.ifas.ufl.edu/ep054> and Watering Your Florida Lawn <http://edis.ifas.ufl.edu/lh025> or contact me at [dheitzmann@pinellascounty.org](mailto:dheitzmann@pinellascounty.org) or 727 582-2422.

Wishing you a Merry Christmas and a successful and Happy New Year.

### **Pet Halloween Parade & contest 2019**

Annual parade was held October 30. Dog Lovers Store sponsored us donating 1<sup>st</sup> and 2<sup>nd</sup> place baskets. Special thanks to residents who also donated items and helped. Two judges were Marianne FaFara and Steve Bretz. I appreciated their help. Dogs participating were: Molly unit 265, Kit #63, Raja unit 102, Rusty #214, Caymus #36, Cody #66 and Blake #236.

Winners were 1<sup>st</sup> place: Cody "A Lion" owners: Brenda and Kevin Wester  
2<sup>nd</sup> place: Raja "An Angel" owner: Bonney Layton  
All other dogs were runners-up and received presents too!

All had a great time but sure missed those pets who were ill and not present along with other pets who received their angel wings over this last year. It was a lively event. We did a drive by Dog Lover Pet Store and rounded Cody's to enter into the park. Cars honked and waved.....cheering us on. Many residents sat outside as we drove around with the tune playing "Who Let the Dogs Out" cheering and clapped. Clearly they enjoyed it too!!

Photos were posted inside the clubhouse for all to enjoy. Congrats to Cody and Raja.

Thanks to all!

## A TALE FROM THE SOUTH PACIFIC (PART TWO)

When last we reported, we left you in Fiji. Since then, we have done thirteen ports, in the countries of Vanuatu, Tonga, Cooks Island, and French Polynesia. We have done a variety of typical tourist activities.

My snorkelling adventures and misadventures have been memorable. Almost every island has phenomenal snorkelling with views of beautiful coral and a myriad of gorgeous fish species. While I did my snorkelling endeavours in the Pacific, Owen searched for the perfect photo of birds, flowers, and any other unique sight he could find. One time he joined up with two friends and took a tour into the country to discover scenery and life in the villages. Another time he actually joined me in the shallows in order to cool off. The last time I swam with the fish, we watched sharks nearby right at the shoreline! Never fear. These are docile reef shark. Whenever we have been able, we take off by ourselves and take a walking tour. What a marvellous time we have had talking to the locals and discovering their lifestyles. At other times, we joined up with friends we have made on the ship and hired a driver/guide. With them we have enjoyed the most amazing scenery and ways of life. We typically take off as soon as the ship clears customs so we can tour in the morning. The heat and humidity is quite daunting leaving us exhausted!

No two ports are exactly alike; however, there are many similarities. Tourism is a very important industry in all of these islands. Some are very sophisticated and up to date in their offerings, others very primitive but most authentic! Other dominating industries are based on agriculture (bananas, coconut, limited pineapple to name some), pearls (black Tahitian), textiles (sarongs for women and some for men everywhere!) copra (dried coconut meat pressed for its oil).

Religion is a vital part of everyday life in the South Pacific. There is evidence of the ancient religions and beliefs practiced before the Europeans came

to this part of the world. Almost every port had a group at the pier doing the native dances to the chants of traditional singing and instrumental accompaniment. Cannibalism was practiced as a way to deal with the enemy and to take on the power of the defeated. Since the head is the source of power, that body part was reserved for the chief. Today the Protestant faith is the dominant one, followed by Catholicism, Mormonism. The Seventh Day Adventist and Jehovah's Witnesses also have followers on some islands. The scenery is awe-inspiring on every island. The islands that make the most impact are those developed by volcanoes. Their skylines for the sailors are overwhelming. Their botanical gardens and those at individual's homes are all worthy of photography. Waterfalls and other features of the mountain valleys are lovely.

In the towns and villages, housing is basic by our standards, but well built and not trashy. In the smaller villages, there is cottage industry with the textiles, art work and jewelry being offered for sale at the home or in a small addition to the home. Most villagers have a fisherman in the home with the catch intended for the family's use. Village homes also have a vegetable garden and fruit trees. Most families have a pig or two, many chickens, and a dog or two. Almost all places have a market. Some are just a few stalls at the pier, but most are larger and intended for the locals as well as the tourists. In the cities, the farm produce and the fish are quite a colourful sight.

These islanders all share a strong commitment to family, and a respect for ancestry, religion and cultural traditions. The approach to life is emphasis on what can I give away, not what can I accumulate. No wonder the Americans had little success offering money in return for working the plantations in recent centuries: There was no knowledge of money at that time and the people felt they had everything they needed with no need to buy anything! Want more? We would love to share our photos and further chats about our trip. Just let us know!

**Owen and Lynn Dunstall, # 76**

## SHUFFLEBOARD NEWS

The Stonehedge shuffleboard team has acquired several new players this season. The combined number of players on both the A and B team is 30. In addition to new players we have also undergone changes in our leadership positions:

Augie Jesse has resigned as Captain of the A team and President of the Stonehedge teams as of December 3, 2019. The shuffleboard members would like to wish Augie well in his future endeavors. Lynn Casey was elected to fill the President position. The Secretary/Treasurer position is now being filled by Peggy Duncan. Ron Curvin has stepped up to Captain both the A and B teams with co-captains Bruce Mueller (B) team and George Christman (A) team. Thanks to these gentlemen for their dedication, support and leadership.

Everyone associated with the shuffleboard teams would like to thank the SRI board for their generosity in providing LED lighting for the shuffleboard courts.

If you have ever considered becoming a shuffler, come to one of our practices and see what it is all about, we always welcome new members.
