I hope everyone is doing their very best to stay healthy thru all this crazy time.

I have asked residents to send in their stories and this one below was sent in. I am sure everyone has a good deed done that can be related to the jist of the story. Warning – to those who feel there is only 1 right answer (religious theme). I am the most religious person – everyone has preferences and choices and I feel best to respect each one. It comes to mind every time I read the last line in the story below.

When I was a kid, my mom liked to make breakfast food for dinner every now and then. I remember one night when she made breakfast after a long hard day at work. On that evening so long ago, my mom placed a plate of eggs, sausage and extremely burned biscuits in front of my dad. I remember waiting to see if anyone noticed.

All my dad did was reach for his biscuit, smile at my mom, and ask me how my day was at school. I do not remember what I told him that night, but I do remember watching him smear butter and jelly on that ugly burned biscuit. He ate every bit of that thing...never made a face nor uttered a word about it.

When I got up from that table that evening, I remember hearing my mom apologize to my dad for burning the biscuits. And I'll never forget what he said. "Honey, I love burned biscuits every now and then".

Later that night, I went to kiss Daddy good night and I asked him if he really liked his biscuits burned. He wrapped me in his arms and said, "Your Mom put in a hard day at work today and she's real tired. And besides--a little burned biscuit never hurt anyone!"

I'm not the best at hardly anything, and I forget birthdays and anniversaries just like everyone else. But what I've learned over the years is that learning to accept each other's faults and choosing to celebrate each other's differences is one of the most important keys to creating a healthy, growing, and lasting relationship. And that's my prayer for you today...that you will learn to take the good, the bad, and the ugly parts of your life and lay them at the feet of God. Because in the end. He's the only One who will be able to give you a relationship where a burnt biscuit isn't a deal-breaker.

We could extend this to any relationship. In fact, understanding is the base of any relationship, be it a husband-wife or parent-child or friendship. Don't put the key to happiness in someone else's pocket—keep it in your own.

So, please pass me a biscuit and yes, the burned one will do just fine

Be kinder than necessary because everyone you meet is fighting some kind of battle

Same as last month --Until this COVID-19 issue is resolved to where we can feel comfortable, we will be on a day to day schedule with regard to work schedule and Board meetings (held by conference) – they will be announced. Next one scheduled for May 27

Projects—now with the rains coming we can get some of our plantings done.

Tree trimming is done

Stump grinding will be scheduled towards the end of May

We hope to purchase the 25+ palms shortly and have them planted by the end of May as well.

All depends on contractor schedules and businesses that are open

Clubhouse-and Pool Ted continues to sanitize the doors and railings in and around the clubhouse as well as spraying each and every

pool chair daily with a disinfectant. Thank you, Ted.

There are also disinfectant spray bottles on 4 of the pool tables to use after residents use the lounge chairs.

Thank you to the residents conforming with restrictions at the pool – no issues

No issues reported at Stonehedge regarding contact with anyone testing positive

North Gate – no issues reported after repairs done

Homes for Sale – just can't keep them around

DEAR STONEHEDGE FRIENDS,

As you know, our fun and activities season came to an abrupt end March 15 when we had to discontinue all activities. We had a great season and hated to see it end so early, but the Coronavirus forced us to do so. So needless to say with no April meeting, I didn't get to thank those who helped In March and also those who helped all year to make our 2019-2020 season successful and lots of fun.

- * All that helped with Spring Fair. It was an amazing and very profitable venture!
- * Dick and Sue Babcock & helpers - I realize St. Pats was very different, but what a wonderful meal.
- * Peggy & George Mcbee - They always make sure the supplies are plentiful and arranged in the back room in a very organized/easy to find order.
- * Liz Barth - She has that back storage room memorized I think. She knows where everything is and keeps it so organized.
- * Donna Kinsey - being in charge of the card groups.
- * Shuffle men - not sure who is in charge, but you do a great job! Courts look great and you had a very good season.
- * Monika Lentze - Book Club
- * Owen Dunstall - Genealogy
- * Lou Ann Wicher - Line Dancing
- * Stan Hall & Gary Barth - hosting Men's Luncheon
- * Those who hosted Ladies Luncheons
- * Jim Haehl - hosted Karaoke
- * Wendy Mosher & helpers - Bingo
- * Cindy Stinard - Craft Club
- * Gary & Joanne Campbell - Bowling
- * All volunteer helpers

I hope everyone has a safe and wonderful summer. See you in the Fall. I have a proposed calendar posted on bulletin board. If you have any new ideas/want to host, let me know.

BARCUS POTATO BREAD PUDDING

Break 4 eggs into a large bowl. Add 2 teaspoons of vanilla and 1 2/3 cups of sugar. Beat mixture well and pour over 8 slices of potato bread torn into bite-sized pieces in a 9 X 13 pan. Melt a stick of butter and drizzle over egg/bread mixture. Sprinkle with 2 tablespoons of brown sugar and cinnamon to taste. Add raisins, if you like them. Bake for 1 hour at 350 degrees. Enjoy!

Rain, Rain, stick around- keep my grass green all year round !!! Hopefully we will be singing that next week. Nature, as destructive as it is at times can be wonderful for those who embrace it. This is the perfect world of gardening, you have to do nothing, and your grass remains green, your shrubs thicken up with lush green leaves and vibrant flowers. We are not in that perfect world as of yet, but with promise of rain for June it will certainly be beneficial to your yard. Keep up with your best rain dance moves.

This article is between a rock and a hard place. Since currently we expect daily or at least every 3rd day of natural rains I will give you the “where we should be now” and the “where we will be later” once the rains start and stop.

“Where we should be now” The rainy days to come will cover up even the most neglected lawns that we all have been fighting for the past 6-8 weeks.

Now granted, if you have not paid attention to the damage the recent dry spell did your lawn there will be some patches – some bigger than others that you will have to deal with. As you already know the rains will help the weeds grow in in those areas first, so it is imperative to keep an eye on what returns to those dead areas. If you (and the current weed controls we have) keep the weeds at a minimum, the rains will allow the runners from the healthy grass to fill them in. Sorry, but best to hand pull in these areas rather than spray for weeds. The weed killer may inhibit the growth of new grass in those areas as well.

Let’s focus on what the natural rains do. Nothing beats natural rains. The nutrients and trace elements that are found in natural rain far exceed anything that you can put on your lawns during the year. It’s called nature for a reason, over the years, nature has perfected what the earth needs to survive. Previous articles have attempted to kick start our lawns and wait for these moments of consistent natural rains.

“Where we will be later”

IMPORTANT: We will have to keep an eye on the effects of the dry conditions when they come again, and they will. Chinch bugs thrive in the dry conditions (we just had our pest control company spray for chinch bugs) and the past dry spells have caused an invasion of them in our yards. With the damage already done in some yards, you can only keep an eye on the condition and make sure that in those dead areas of lawn chinch bugs do not take over. Chinch bug damage can be seen by a yellowish ring around a dead area of lawn. If you see this put some kind of marker on the outer edge of the yellow area to see if its spreading. If you see this yellowing, you should immediately get a pest control liquid and spray. DID I MENTION IMMEDIATELY. Also mention these conditions to the office.

Here are the action/reaction thoughts for this month since we are hopefully at the start of an abundance of water from the rains.

Too much water will activate a dormant fungus. Fungus starts to form many ways, 2 of them being carried in from other infected yards on the tires of lawn mowers or from too much water sitting on the lawn. Fungus can be recognized by the so called “ring of fire”. This will be an area of yellow/orange blades of grass that surround a dead area of your lawn. If you see these areas forming in your yard –please get to your local supply store and purchase a fungus (disease) control product and apply it to and around the infected area. Also notify your management so the lawn service company can be made aware of these issues. Fungus issues can be devastating to the lawns and these issues must be acted upon quickly.

Dollar weed, although usually burnt up by the early summer heat and the applications of weed control by the scheduled association weed and pest control company will keep it from over powering areas of your lawn, is still a concern during regular rains. Too much water, natural rains coupled with your sprinkler water will activate dollar weed.

Please remember when we are getting consistent rains during the week of 1-3 inches; manually turn off your sprinkler system if you have one. The extra water will only encourage disease and dollar weed.

Even with the possible damage the rain may cause, it’s still much more beneficial than destructive to the environment as a whole.

See you in July for the Hot, Hot, Hot article

It’s a great day on the green side of the grass

HELLO FROM THE ARNSONS

Hello and thank you for reaching out to the Arnsons. We are Brent and Sue and we are from Muskegon Mich. I am retired from a bakery and Brent is planning on retiring from his two jobs back here soon I hope. He is a full time taxidermist and payed on call fire fighter. His jobs have kept him busy. I am hoping he can learn to slow down. I on the other hand have been retired since 2018 and love it! Looking forward to winter of 2020 and warm days.

THE MERRY(?) MONTH OF MAY

Well, the month of May came and went; it brought with it small, socially distance Cinco de Mayo parties, Ole's, Mother's Day candy & flowers and cards sent from afar, the opening of the pool, which brought a smile to many faces, but no hugs, hand shakes and still 6' apart and sanitize the lounge chairs! Restaurants opened their doors and welcomed 25% of the customers to come and enjoy. Many people cautiously made their way to Cody's or Lucky Dill or Chili's while others decided, let's have a wait and see attitude! Memorial Day came and we remembered our brave American military heroes. And now we have a new set of heroes; doctors, nurses, first responders, grocers, truckers and more!. People looked "different" as hair salons and barber shops opened up and bright-colored finger & toe nails were spotted all over the Park. We tuned into the news daily and seemed to get more confused as conflicting reports made us "scratch our heads"; open your state, no, keep it closed for another 2 months, send kids back to school, oh no, children should stay at home, open that beach, close the beach; too many people too close together! Hard to know what to do, but we are strong Americans, hopeful Americans, we are people who deeply mourn the loss of so MANY lives, and struggle to foresee a bright future, but it is there somewhere, somewhere soon and once again we will hug and visit and sit next to each other and truly appreciate the beautiful world we live in! Stay safe & stay well! There is no where else I'd rather be quarantined than our beautiful STONEHEDGE ON THE HILL!

HELLO RESIDENTS

It's so nice to see all the happy people at the pool again! Thanks to all of you for helping to keep us all safe and healthy. Residents are again using the picnic area. (I'm calling it the Pavillion). We have seen several small gatherings for cocktails

& conversation etc. This great facility has not been used in years and has now been refreshed and is open for anyone to use. While we would love to have open parties at the Pavillion, we need to attempt to keep within the crowd guidelines until the regulations are lifted. The Pavillion is there for anyone wanting to reserve the area for a get-together. A sign up sheet is posted on the Clubhouse Bulletin Board to reserve the area. Many hours have been donated helping with the cleaning and decorating etc. Please keep the area clean and tidy. If you want to use the grill, please do and bring propane. The grill and utensils were donated for all to use.

BASKET COMMITTEE THANKS

Dear Stonehedge Residents,,
Thank you for the generous donations for the Spring Fair basket raffle. Stonehedge has some very talented residents, and we enjoyed displaying some of their ideas and products this year at Spring Fair. We also appreciate the generous support from residents to provide a wide selection of merchandise to put in the baskets. On top of that, some residents created cool baskets on their own and filled with excellent items. We also want to thank the gracious help on Spring Fair day of Jim Woods, Jim O'Keefe, Ken Collier, and Liz Barth.

With that said, start thinking about next year and new, better, bigger basket donations; we'll be available to accept your donations and ideas for anything new. Thank you, Stonehedge residents, from the 2020 Spring Fair Basket Committee
Sincerely,

Cheryl & Jim Bruno, #114

CLIFF'S NOTES - Cliff Thomson plays a moving TAPS at the Memorial Day service

SHUFFLEBOARD NEWS

Hello, Stonehedge, Fun shuffle is returning this year beginning June 2nd, at 6:30 pm each Tuesday and Thursday evening weather permitting. Yes, due to the Corona virus we will be practicing social distancing. So only every other court will be open and we will have some other minor social restrictions for safety purposes. But we still plan on having plenty of fun.

Anyone is welcome to play and try out the courts. It's all about having some fun during the summer evenings and maybe learning the game of shuffleboard or any of the games that can be played on our courts. Most nights there will be someone around from Stonehedge's shuffle team to answer questions regarding the game or other fun games to be played. Absolutely no commitments are required except to have fun and socialize. Thanks, stay safe

Lynn Casey, President ,Shuffle team

NICE WORK

A big thanks to Jeanne Price and Larry Davis for sanding and refurbishing all the benches on the shuffleboard court; they look amazing. Hard work sure pays off! Thank you,

EVACUATION KIT... WHAT TO TAKE

If you are evacuating to a public shelter

Pack your essentials, but pack light as space is limited. It is possible you may only have a space that measures 5 feet by 2 feet. Remember, a public shelter is not a cruise ship, it is a life boat with the mission to save lives.

Suggested items for a "Go Bag"

- Medications and copies of prescriptions
- Nonperishable food
- Special dietary food that is nonperishable
- Several gallons of drinking water to keep in your vehicle. A minimum of one gallon per person.
- Bedding for a small space
- Infant or child necessities (wipes, diapers, bottles)
- Personal hygiene items
- Change of clothes
- Eyeglasses
- Quiet games, toys or reading materials
- Important papers and valid ID
- Cash and a phone list

If you are evacuating to stay with friends or relatives or in a Host Home

Take your "Go Bag" and ask in advance what kind of space you'll have for your possessions and vehicles.

Prepare your home to leave

Regardless of where you are evacuating, before you leave your home, be sure to do the following:

- Take your valuables and important papers with you
- Turn off all utilities (water, electricity, gas) at the main switch
- Lock windows and doors
- Fill your gas tank
- Advise friends or relatives of where you are going

SURVIVING THE STORM

IT'S EVERYONE'S RESPONSIBILITY

Plan Ahead For Your Pets

Pinellas County pet owners have options when it comes to pet-friendly emergency shelters. The Pinellas County School Board and Pinellas County government have three pet-friendly shelter locations.

- Each of these facilities are substantially built, have large indoor gyms and separate air handlers to ensure the comfort and safety of allergic citizens who shelter there. Pet shelters accept only cats and dogs.
 - Animal shelters, such as Pinellas County Animal Services, the Humane Society and the SPCA, cannot accept your pets.
 - Don't assume that a boarding kennel or hotel/motel will accept your pet. Check ahead and look for kennels in non-evacuation zones.
-

Things To Do:

- Take your pet when you evacuate. Do not leave your pets at home!
 - Ask friends or family living outside of evacuation areas if they can keep your pet.
 - Keep a pet carrier (portable kennel) for each pet – one that allows your pet to stand and turn around. The carrier should be marked with your pet's identification.
 - Make sure all your pet's vaccinations are current and have proof available of its current county-issued rabies vaccination.
 - If you must use a kennel as a last resort, make sure it is not in an evacuation zone and reserve space as soon as possible. Kennels require proof of vaccinations.
-

Pet Disaster Supply Kit:

- Proper identification
 - Immunization and medical records
 - County license rabies tag
 - Food and water (2 wks. supply)
 - Food/water bowls
 - A carrier or portable kennel
 - Medications
 - Muzzle, collar and leash
 - Manual can opener
 - Current photo of pet
 - Feeding and water bowls
 - Favorite toys and blanket
 - Cat litter/pan and scoop
 - Grooming items
 - Plastic bags to handle waste
 - Disinfectant
-

Register Your Pet:

Residents must register themselves and their pets for these pet-friendly shelters, as space is limited. Mobile home residents are given first priority. Call (727) 582-2150 or download a registration form at <http://www.pinellascounty.org/animalservices/pdf/ASHurPrep.pdf> and return it to:

Pinellas County Animal Services

Post-Disaster Animal Collection & Temporary Collection Sites:

After a storm, stray animals will be collected and staged at temporary collection sites prior to transfer to more permanent shelters. The location of these collection sites will be determined based on prevailing conditions. Every effort will be made to inform the public of these locations so that animals can be returned to their owners as quickly as possible.

Once the site(s) have been determined you should look for your pet(s) at the location nearest your home and where you last saw your pet. To report a lost pet, call Pinellas County Animal Services at (727) 582-2600.
