The Purpose of the Beacon Newsletter shall be to promote social, recreational and Park activities, and to promote relationships and goodwill among residents. The Newsletter shall not include editorials or opinion pieces.

Beacon Distribution

The Stonehedge Beacon is published monthly to keep you posted on Park News and Activities.

The Beacon is available in color electronically at stonehedgeonthehill.org. It will be available in a box placed at the mailboxes and inside the Clubhouse. If you are unable to pick up your copy of the Beacon, we can arrange to have a copy delivered to you.

Manager's Korner

February 2021

Tony Toscano

Good Day to all. I hope the start of the New Year is going well. This month, even though it has been a much quieter season for the residents, business is as usual.

We have worked on the Civil engineer drawings and now are seeking bids from the contractors to give us a more detailed price for the water line replacement project. We will keep you informed as we get information.

Recently we experienced a short in the craft room that blew out the stereo. The same day we had issues with the hot water heater for the pool shower and the ice machine. We had the electrician come out and determine a wire nut came off in the junction box and shorted out the system. They also repaired the hot water heater issue, and I sanitized the ice machine and got that producing ice again. TaDaaa. !

Not so fast on the "all's well": 1 day later one of the pool heaters tripped the breaker. Again, the electricians came out and while we were investigating the heater electrical issue the condenser blew and shot out Freon all over – wow! -chokes you up and an instant headache. We have scheduled a check up but with a unit that is well past its prime (12 years old) there is a possibility we may replace it.

Stonehedge Updates via e-mail. We have established a community e-mail group communication list to update the residents on all sorts of stuff. If you are not on this list, please register at the office or e-mail at stonehedge3@tampabay.rr.com to get on the list.

Movies for our Library: Our movie library has expanded to 200+ selections. Keep em' coming. Duplicates accepted. We have a great selection **Card Room Art-** Our resident displays of their artwork and other talents have been displayed in the Clubhouse card room. Anyone who would like to have their arts displayed whether it be pictures-paintings-tapestries-quilt work etc. Anything you want hung (no husbands please). **Front Handicap Door Donations-** Currently we have over \$2,800 in donations – just about 40% - and will be accepting until we reach our goal. Keep it coming -count your change - if you have it \$1 and up. Thank you.

Homes for Sale -- Not much left to choose from -Sales have been fantastic - keep letting friends and family know that Stonehedge is "a Great place to Live"

Unit 20- \$69.5K **Unit 31-**\$85K

NOTE: There may be a few other homes for sale and some getting ready to come to the market. Please remember if you would like to sell "by owner" let the office know and prepare a 1-page outline of the home details, listing what has been recently replaced or upgraded, selling furnished or not, etc. This listing will be placed along with others for sale at the office. Although you will not get the full exposure of listing with an agent, those looking in person will see your details.

Be kinder than necessary because everyone you meet is fighting some kind of battle.

Laugh when you can, Apologize when you should, Do not dwell on what you cannot change, Let go of what you cannot control, Take charge of what you can.

Make forever moments whenever, Safe travels, love life.

Tony

Crime Prevention

PROPERTY CRIME YOU CAN HELP PREVENT IT

LOCK IT

Ensure your car doors and all doors to your residence are kept locked.

REMOVE IT

Removing valuables from your car is better than hiding them. This includes garage door openers and spare keys.

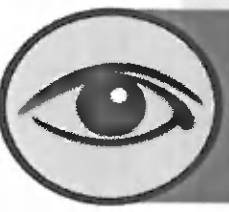

LIGHT IT

Leave exterior residence lights on at night or utilize motion detecting lights.

CLOSE IT

Keep your garage door closed and double-check it is closed at night.

HIDE IT

Keep valuables in your garage, car and home out of sight.

REPORT IT

Report all criminal and suspicious activity immediately.

The Landscape Article

By the landscape guy

2-2021

If you are reading this article any time in early February, you have just come off of a few weeks of 40-50's nighttime temperatures, which followed a few weeks of consistent daytime temperatures below 75 degrees, with many days not breaking 70. Believe it or not this is Florida's winter.

This is the dormant season for grass, shrubs and flowers. Unless you have specifically planted the cooler season flowers, you will see very little, if any, activity other than green growth on these plantings. Lawns are basically doing nothing – and that's not because of lack of water – this is what nature has called for –we have only cut the lawns 1x, maybe 2x in the past month. Dormant – no matter what you do. So, wait until early March to do any new plantings. Choose wisely my friends. We will discuss that in next month's article.

As we do at the beginning of each new season, I will review the very basic care for healthy lawns, shrubs and flowers. This is the time to plan for the next season

The 3 ingredients on any basic fertilizer bag are Nitrogen, Phosphorus, Potassium in that order and are distinguished by a set of 3 numbers-example 15-3-10

Nitrogen (1st #) is more productive in the summer months. (you will have to apply this as a homeowner since restrictions for the State no longer allow lawn service companies to use Nitrogen in the summer months-June thru Sept) Most summer fertilizers have a high first number (above 20) but usually not above 28. Too much nitrogen can burn your lawn and kill it if not applied properly.

Nitrogen is extremely harmful to newly planted lawns and flowers.

A substitute in the summer months is IRON for close to the same effects.

Nitrogen aids in the greening of the grass blades (along with Iron) causing the lawn to become thick, which in turn does not allow the hot summer sun to burn the top layers of roots.

This is also why it is recommended to cut summer lawns to 4 ½ inches. A thick lawn will also choke off any of the weaker weeds from taking over; not allowing them to get the sun needed to germinate.

Phosphorus (2nd #) is mostly used by a plant to aid in the production of flowers. Florida soils are naturally high in phosphorus and that's why many of the lawn fertilizers have a low second number. You will see that some very popular recommended lawn fertilizers do not even have any phosphorus in them (15-0-15 is a common one).

If you look at a bag of bloom booster fertilizer you will see the middle numbers that run in the 30 to 55 range (example 5-45-8). This type of fertilizer should only be applied prior to bloom growing season and on flowering plants only. If it is applied during dormant season (which many people do) it will confuse the normal life cycle of the plant – do not get me wrong- the plant will bloom and bloom nicely, but you will shorten the life cycle considerably. This is how greenhouses produce many wonderful blooming plants that you buy- and then low and behold when they bloom in your yard you wonder why they do not look like the one you bought.

Potassium (last #) (also known as potash) aids in the strengthening of the root system. Winter months are the best time to apply potassium. Potassium gets applied by the Pest control company in November on the property and helps to get the roots deep into the soil for 2 reasons. 1. The deeper the root system, the less likely to burn in the hot summer months. 2. The more sophisticated the root system, the more it can find those hidden pockets of moisture during the dry periods.

DO NOT OVERLAP WHAT IS ALREADY APPLIED BY THE PEST CONTROL COMPANY-CHECK THE LANDSCAPE SCHEDULE in the office

Nothing can replace natural rain. The minor trace elements in rainwater also play a big part in the strength, life and color of your lawns, but that is another day's lesson.

As you can see the 3 items in a bag of fertilizer all relate to one another as does everything that happens in nature.

A healthy plant will fight off disease and choke out weeds and defend itself from pests better than a stressed plant. This is how all of nature works, no different here.

Hello Everyone,

It is the time of the year again -- you might have guessed it, I am not only referring to the Holidays. I am writing to remind you to skip a week of irrigation during the cooler months of December, January, and February.

According to the University of Florida, grass doesn't need to be watered as often during the cooler months. In fact, this time of the year,

St. Augustine grass only needs one-half to three quarters of an inch of irrigation-water every 10-14 days.

Overwatering does not only waste water it also can encourage pests and diseases in the landscape. Skipping a week of watering is as easy as 'off' for community associations and residents with irrigation timers. Turn the timer to 'off' for the week that you want to skip, and 'on' for the week that you want to water,"

You can determine when your grass needs water when

- Grass blades are folded in half lengthwise.
- Grass appears blue-gray in color.
- Footprints remain on the lawn for several minutes after walking on it.

Watering only every other week or less during the winter will not only improve landscape health, it will also help to conserve drinking water and protect our resources. Therefore start "skipping" today and spread the word among your friends, neighbors and clients.

For additional information please refer to the University of Florida/IFAS fact sheets

Let your lawn tell you when to water <http://edis.ifas.ufl.edu/ep054> and

Watering Your Florida Lawn <http://edis.ifas.ufl.edu/lh025>

or contact me at dheitzmann@pinellascounty.org or 727 582-2422.

It's a good day on the green side of the grass

See you in March

SRA NEWS

Marlene Hall, Secretary

Greeting Friends and Neighbors!

February is full of romance, so remember your loved ones this month.

The events for February are as follows:

Feb 9: Left/Right/Center in clubhouse from 7-9pm. Cost is 75 cents a game.

Feb 27: Luau Dance at Pavilion, Band is Kaleidoscope, cost \$10 each, time: 6:30-9:30pm

March:

March 6: Car Port Sale hosted by Jeannie Price and Nancy Carmack

March 17: St. Patrick Dance, Band is Happy Days, cost \$10 each, hosted by Janet Purtee

A suggestion box will be on the Clubhouse cream and sugar table for your ideas for new events or hosting an event.

Be the reason someone smiles, be the reason someone feels loved and believes in the goodness of people.

CARPORT SALE

The annual carport sale will be Saturday March 6th, 2021. The sign up sheet will be posted on the bulletin board. The sale will be from 8:00 am to 1:00 pm. We will deliver tables to your house early Friday morning if you need one, and you may have more if we have extra. You may call me with any questions (727-935-7691 or 850-736-0135). This is a great time to de-clutter and make some cash! Residents did very well last year and put some cash in their pockets. Residents are able to shop on Friday

once the tables have been set up, if allowed by homeowner. Everyone has a great time shopping and visiting neighbors!

Jeanne Price, # 214

Suggestions for Stonehedge 2021 SRA Activities!!

We want to hear from you! Your ideas matter to our committee and we're looking for new suggestions and ideas for this year's Stonehedge Resident Activities. We're always looking for people to Suggest, Host, and Volunteer to participate with preparations. Please fill out the requested information below and drop it in the Clubhouse "Suggestion Box" placed on the round table near the kitchen area. The suggestions will be collected and reviewed by the Committee to see if the event meets the SRA criteria. Please keep in mind we are still under the COVID Rules and Regulations as you are submitting your ideas. We will consider all ideas and will contact you to discuss your suggestions. If you have any questions, please contact an SRA member. Thank you and we look forward to a new and exciting year of Stonehedge Resident Activities.

1. What kind of event is it? _____

2. Are you Hosting the activity or placing a suggestion? _____

3. Would this be an inside or outside activity? _____

*** FINANCING AVAILABLE ***

LOOKED UNDER YOUR MOBILE HOME LATELY?

Missing or torn insulation and vapor barrier can allow moisture, mold and mildew to build up, and provide access to insects and rodents into your home!

Call today for a FREE Under Home Inspection

To our valued customers;

During the current times we wanted to let you know that we are taking as many precautions as we can to ensure not only our workers safety but yours as well. We check workers' temperatures each morning and have limited the amount of contact our crews have with each other. Our crews work in Tyvek suits with respirators which helps to ensure your safety as well as theirs.

As a company, we want your business and there is no need for any contact if you so choose. Our business is deemed an "Essential Business" and we are here for you when you need us. You can schedule your inspection by calling 1-800-681-3772.

*Wishing you good health and safety,
The Florida Anchor & Barrier Team*

To our valued customers;

Our top priority is the health and safety of our employees and of our customers. Our employees are closely following the Centers for Disease Control's (CDC) guidelines and recommendation, like frequent hand washing, social distancing, and staying home if they are feeling ill.

We have taken steps to limit exposure to the virus by making our customers aware that there is no need to have any contact with our employees if you choose to do so. Our business falls under the state's guidelines as "Essential Business".

We want to build a great customer relationship with you. Call today for a Free Inspection. (800) 377-7885.

Stay Safe and continued Good Health.
