TONY TOSCANO

January 2021

Hi to all. Looking forward to another year. To say the least this year has been tough for many of us. This pandemic crap is starting to get old although I have to believe its very real and unfortunately will be lasting for some time. We try our best to stay safe and protect those we care about along with the rest. Enough of that. Writing this article Christmas eve and remembering all those Christmas pasts. Spoke to a friend yesterday that I have not spoken to in 30+ years, called an old friend that's been 20+ years since we spoke. Realized that after all this time apart the only thing that really mattered was the fun times we had in the past and feeling good that their future looks bright and their families are healthy. We talked about, of course, the "good ole' days" and the family get-togethers at Christmas and New Year's. The days when there were 25 conversations going on at once and you knew what everyone was talking about. My uncle Tony "the Turk" telling his new girlfriend what it was like growing up in the old country (he never left the US his whole life). He had a new "greatest girl" every holiday. My Aunt Alice continuously laughing non-stop - to this day I don't know what she was ever laughing about. The kids running around the table. Complete madhouse. Then it would all come to a sudden stop, and you knew. There was my mother and my grandmother standing in the doorway from the kitchen to the dining room, oven mitts on hands. They stood in the doorway like angels with the kitchen lights glowing behind them, the once loud room went silent all at once. It was as if time stopped. You could see the steam coming off the food as everyone simultaneously took a deep inhale of what was coming off the trays. What they held in their hands was over 100 years of "a pinch of this and a bit of that", all from hand-me-down

generational memories. As they walked to the dining room table in what seemed like slow motion and put the trays of home-made everything on the table to a silent room, all of us just staring and realizing what went into those dishes. Everyone at the table looked into the eyes of my mother and grandmother and gave a silent "thank you" for the trouble they went to bringing us and keeping us in years and generations of tradition. Soon as the food hit the table it was mass bedlam all over again. Conversations picked up just where they were, the "Turk" BS-in' his girl, Aunt Alice laughing hysterically, knives, spoons and forks clanging like a tambourine solo as everyone started dishing out the food. Loved it all, glad I was part of it, and I remember those traditions that I hopefully pass onto the people I love. Those are the moments that made it a Merry Christmas. Another forever moment made whenever.

# The Landscape Article

By the landscape guy January-2021

Hi to all who have prepared for the Florida winter. If you have taken some of the advice given over the past year with regards to your lawn and plants, then when we hit the growing season you will be able to relax a bit more than those who just let things go.

I will give a brief bullet point summary of what items to look for and do with the expected cooler weather that supposed to be coming in Jan-Feb and March

### If your shrubs do not look healthy or full:

- Check your neighbors or neighborhood and see what has stayed healthy thru the season
- Make sure after trimming that there is an abundance of new growth- if not it may be time to replace
- Check to make sure you have the proper amount of mulch under the shrubs and bushes (approx. 3-4 inches)

Plants that can sustain a 30 degree temperature for more than one day are your best bets for our area. Plants that are good to zone 9 should fit that bill. We are actually on the line of 9 and 9A. The colder the area, the lower the zone #. Plantings that hold up in the colder zones may not hold up in the warmer ones so its best to review the range of zones plants are good in.

Remember if you take the time, one time, your selection of shrubs and flowers will last for years.

### If you would like some color during the winter season:

Look into annuals (these are plants that thrive in certain seasons then die). There is a large selection of these that produce great color. Check the internet or your local nursery (I said nursery- not the Home Depos of the world- unless you have run into someone that you trust there- the knowledge is limited at best)

More on these above subjects in March and April

Below is the January article form the Florida extension service that repeats what the past umpteen landscape articles have spoken about.

Hello Everyone,

It is the time of the year again – you might have guessed it, I am not only referring to the Holidays. I am writing to remind you to skip a week of irrigation during the cooler months of December, January and February.

According to the University of Florida, grass doesn't need to be watered as often during the cooler months. In fact, this time of the year,

St. Augustine grass only needs one-half to three quarters of an inch of irrigation-water every 10-14 days.

Overwatering does not only waste water it also can encourage pests and diseases in the landscape. Skipping a week of watering is as easy as 'off' for community associations and residents with irrigation timers. Turn the timer to 'off' for the week that you want to skip, and 'on' for the week that you want to water,"

You can determine when your grass needs water when

- Grass blades are folded in half lengthwise.
- Grass appears blue-gray in color.
- Footprints remain on the lawn for several minutes after walking on it.

Watering only every other week or less during the winter will not only improve landscape health, it will also help to conserve drinking water and protect our resources. Therefore start "skipping" today and spread the word among your friends, neighbors and clients.

For additional information please refer to the University of Florida/IFAS fact sheets

## FIVE GENERATIONS OF COLLIER

Martha & Ken Collier

Counter clock-wise starting with Ken (he's the old one):  
Daughter Cheryl, Granddaughter Lisa, Great  
granddaughter & Mother Samantha, Great, great  
granddaughter Payslee

Ken & Martha have been Stonehedgers since 2002, and Ken served on the SRI Board for 7 of those 18. He was born in 1935 and we didn't ask Martha that question (although we're sure she would have been proud to tell us). They hail from Ohio, and discovered Tarpon Springs in a fluke meeting while on vacation in Florida with a

resident of their home town of Bellevue, OH (8000 souls) who owned a single-wide just off E. Tarpon Ave. Long story short, they rented the single-wide for 6 weeks and liked Tarpon Springs well enough to go looking for more-permanent digs. The last place they looked (and the place they bought) was # 41 in Stonehedge. We asked Ken what stood out or him about Stonehedge, and his answer was "It's the best of its kind!" We couldn't agree more.

### HALLOWEEN HURRAH

Wow! What a Halloween Dance!  
As we deal with Covid 19 and making our first priority safety for our residents, this year's Halloween celebration required some work and planning. It turned out wonderful and exciting for all who attended. It is great that we can learn to deal with this pandemic and still have a great time! The weather cooperated and we all enjoyed the beautiful evening dancing at the pavilion and the back parking lot under a full moon!

We owe a great deal of thanks to to all of the helpers, planners and participants. We especially would like to thank Marcia and John Hughes, Deb and Darrel Streff, Nancy and Rick Carmack, Cliff Thomson, and Don Stevens. Oh, and special thanks to Deb and Darrel for the donation of wine to give as gifts and Cheryl for the donation of jewelry! Thanks so much to everyone! We can't wait till next year's Halloween!

**DEAR STONEHEDGE FAMILY,**

We write to thank our friends in Stonehedge who have comforted us upon the recent passing of my father, Don Ellingson, on December 8th. Thanks for your cards, phone calls, emails and memorial gifts. Dad lived a long and wonderful life of 96 years. He and my mother celebrated 74 years of marriage last June. Dad has carried their wedding picture in his wallet since 1946. He was very proud of that and told everyone he met that he had married the most beautiful girl in the world!

Mother, at 93 years young, is doing pretty well. She still lives in their home on the farm that she moved to as a young bride. She has in-home hospice care, but is feeling stronger now than she did a few months ago. Our family is so thankful for that.

With our heartfelt thanks...

**Terry & Kay Ellingson, #75**

**HARRISON THANKS**

I have been deeply touched by the many thoughtful, caring cards and messages I have received from friends and neighbors at Stonehedge. What a wonderful group of people reside there. It is amazing how much lighter the burden of loss becomes when I read these. I feel truly blessed to know these folks. My thanks to all of you.

Sincerely,

**Joan Harrison**

## Welcome Back Snowbirds Show!!

The SRA Committee is excited to present a Comedy Show on January 16th, from 6pm-7:30pm to Welcome the Snowbirds back. Please sign up in the Clubhouse for this "Free" event for Stonehedge residents only. We will be holding the Comedy Show outside at the Pavilion. You'll need to bring your own chairs and snacks. In the event of inclement weather, the show will be moved inside the clubhouse and can only have 100 people inside. This is why we need a sign up sheet. We look forward to seeing you and starting off the New Year with nothing better than a evening of laughter and smiles. Please keep in mind, that we will be practicing Social Distancing. If you have any questions, please contact a member of SRA.

## CHRISTMAS SALE THANK YOU

As this year's Chairperson of the Christmas Sale, I would like to personally thank Cindy Rice for helping me sort out and categorize all the items in the Christmas resale sale. Also Stephanie Welker and Jeannie Price for being cashiers. Sandy and Bob Catt, Trudy and Jack Cohlmeier, Janet Purtee, Liz Barth, and Bill Aldrich for final arranging, pricing and set up.

A big thank you also to all the Stonehedge residents who donated and those who made purchases the day of the sale. Without you we would not have ben able to donate \$250 to the Tarpon Springs fire department for all they do for our community.

## An Obituary printed in the London Times....Absolutely Dead Brilliant!!

Today we mourn the passing of a beloved old friend, Common Sense, who has been with us for many years.

No one knows for sure how old he was, since his birth records were long ago lost in bureaucratic red tape. He will be remembered as having cultivated such valuable lessons as:

- Knowing when to come in out of the rain;
- Why the early bird gets the worm;
- Life isn't always fair;
- And maybe it was my fault.

Common Sense lived by simple, sound financial policies (don't spend more than you can earn) and reliable strategies (adults, not children, are in charge).

His health began to deteriorate rapidly when well-intentioned but overbearing regulations were set in place. Reports of a 6-year-old boy charged with sexual harassment for kissing a classmate; teens suspended from school for using mouthwash after lunch; and a teacher fired for reprimanding an unruly student, only worsened his condition.

Common Sense lost ground when parents attacked teachers for doing the job that they themselves had failed to do in

Common Sense lost the will to live as the churches became businesses; and criminals received better treatment than their victims.

Common Sense took a beating when you couldn't defend yourself from a burglar in your own home and the burglar could sue you for assault.

Common Sense finally gave up the will to live, after a woman failed to realize that a steaming cup of coffee was hot.

She spilled a little in her lap, and was promptly awarded a huge settlement.

Common Sense was preceded in death,  
-by his parents, Truth and Trust,  
-by his wife, Discretion,  
-by his daughter, Responsibility,  
-and by his son, Reason.

He is survived by his 5 stepchildren;

- I Know My Rights
- I Want It Now
- Someone Else Is To Blame
- I'm A Victim
- Pay me for Doing Nothing

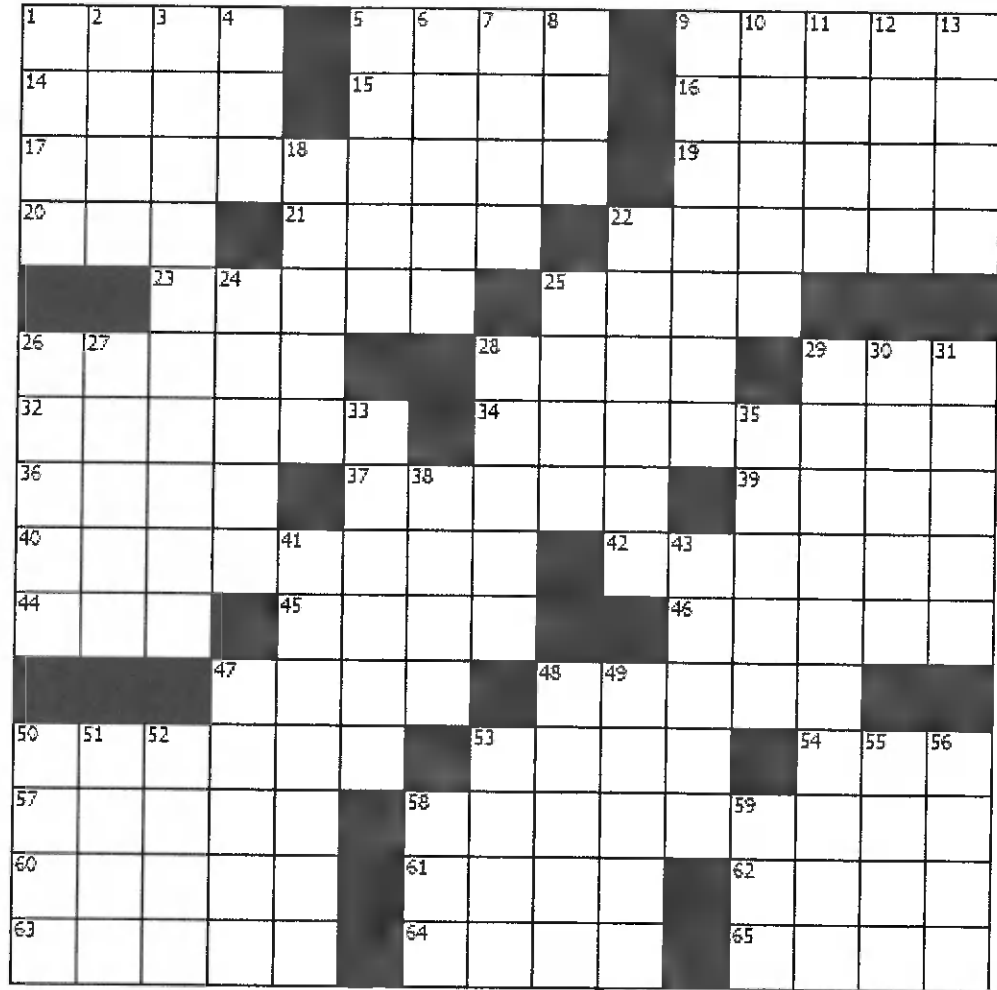

Not many attended his funeral because so few realized he was gone.

If you still remember him, pass this on. If not, join the majority and do nothing

# LOOKED UNDER YOUR MOBILE HOME LATELY?

Missing or torn insulation and vapor barrier can allow moisture, mold and mildew to build up, and provide access to insects and rodents into your home!

*Call today for a FREE Under Home Inspection*

To our valued customers;

During the current times we wanted to let you know that we are taking as many precautions as we can to ensure not only our workers safety but yours as well. We check workers' temperatures each morning and have limited the amount of contact our crews have with each other. Our crews work in Tyvek suits with respirators which helps to ensure your safety as well as theirs.

As a company, we want your business and there is no need for any contact if you so choose. Our business is deemed an "Essential Business" and we are here for you when you need us. You can schedule your inspection by calling 1-800-681-3772.
