## DONE AND DONE!

The new Stonehedge picture booklet is finally finished. I got it back from the printer this week. I'm pleased with how it turned out and hope you are too. Please remember that I am **NOT** a professional photographer, this was all done voluntarily with my iPhone. I've checked and rechecked for errors, and I hope I got them all fixed. The cost of the book is \$10. If you had your picture taken, then you are entitled to purchase a book. Please watch for an email or check the board for times I will be at clubhouse to purchase your book. It has been a fun project for me, and I was able to and enjoyed meeting many of our residents. Thank you to all who participated.

## IT'S HOT, AIN'T IT?

For those of you who don't know the area, Cape Cod, where we have spent many enjoyable summers, is basically an arm-shaped peninsula that sticks out into the Atlantic Ocean. As such, we're usually the beneficiary of cooling on-shore

breezes and temperatures that are moderated by that big old body of water that surrounds us.

Not this summer: All that water is warmer than it used to be and as a result, the Cape and New England in general are being blistered with record-breaking temperatures. Seriously, it's almost too hot to go to the beach, and you don't want to try walking in the sand without some type of foot gear to protect you from foot-burn.

All that said, we're still enjoying the summer, and we hope you all are, as well. Now, if this arm sticking out like a hitch-hiker's signal doesn't manage to snag too many hurricanes (oh yeah, we get them up here after they're done messin' with our minds and property down there), we'll consider ourselves lucky.

Hey, if you've got a minute or two to spare, drop us a line and tell us how your "summer vacation" is progressing. We'll talk again soon.
