Ameri-Tech Community Management

727-726-8000 and 877-726-0000

Office Hours are Monday through Friday, 8:00am to 2:00pm

2:00pm to 4:00 pm, appointments are available to help accommodate your schedule.

Fertilizer Ban Lifted

As of October 1st, the Pinellas County Fertilizer Ban which prohibits the application of nitrogen and phosphorus, has been lifted. It's time to fertilize those shrubs and trees around your home for their best health. Recommended fertilizer is all purpose with the same three chemical numbers, such as 10-10-10 (NPK). Palm fertilizer should be closer to 8-2-12 (NPK)+ plus 4% magnesium and micronutrients. Slow-release granular fertilizer is recommended and should be applied quarterly.

What is NPK+?

N (Nitrogen) aids in the leaf health, greening up leaves that look a little yellow.

P (Phosphorus) is important for root growth, as well as flowers and fruit.

K (Potassium) promotes the overall health to fight disease and drought stress.

Benefits of + **Magnesium and micronutrients** include improved photosynthesis, soil health, nutrient uptake, and reducing the risk of stunted growth and yellowing leaves.

Common Area Reservations

When reserving common areas for private parties, please be aware that you are reserving portions of the clubhouse and/or just the covered area at the pool. Reserving all rooms in the clubhouse and/or pool for private parties is not allowed. Reservations can be made in the owner's portal or through the Activities Committee/office. Please be aware that residents should be able to use all unreserved areas, including the pool, without interference from private parties.

Yard Waste

Again, we are having issues with yard waste filling the dumpster. Yard waste is to be bagged and set at the curb for pick up included with Monday trash collection.

Mosquito-borne Illness Alert

As of September 28th, Pinellas county is under a mosquito-borne illness alert and a state of local emergency for dengue fever. Locally acquired dengue fever cases, 179 including 7 in Pinellas County, have been reported across the Tampa Bay area.

Take precautions to reduce the likelihood of mosquitoes around your home. Dump out containers with any amount of standing water, mosquitoes don't need much to breed. Dengue fever is spread by mosquitoes that are active throughout the daytime hours. Long sleeves, pants, socks and closed toe shoes are recommended. Use of CDC-recommended ingredients in insect repellants will also help protect you from bites.

Fogging of our area was completed in the overnight hours of September 9th/10th and future treatments are not scheduled at this time.

For more information, visit: <https://pinellas.gov/mosquito-prevention-and-protection-tips/>

Rules and Regulations Reminder

Mobile Home Sites:

- 5. Storage of items under or around the mobile home, or on carports, is not permitted. Only furniture and/or grills specifically designed for outside use may be stored on carport.
- 8. Mobile home lots and all structures are to be maintained to satisfactory standards established by the SRI Board...If a resident plans to be away from home...they should make arrangements to have their lot maintained...

Resident Responsibilities:

- 6. Weeding and general maintenance of shrubs, flower beds and sod around the mobile home, walkways, and utility shed.

SEPTEMBER HOSPITALIZATIONS

Martha Schweizer

Celebration of life Frank Fetridge

Thank you all for the comfort, support and love at Frank's passing. Your thoughts and prayers have carried his family and myself through a difficult time.

Please join us on Sunday, November 8th in the clubhouse at 1 pm for a celebration of life for Frank Fetridge, a 20-year resident of Stonehedge. The family will supply main platters and if you can bring side dishes or desserts it would be appreciated. Frank was always amazed at the variety of dishes by our great Stonehedge cooks!

A sign-up sheet will be posted in October. Come meet Frank's family and help celebrate his life. Maybe tell a few memories too!
